Asphalt works

Contractors
Willemen Infra

location
Steenovenstraat
2040 Berendrecht Belgium
Antwerpen BE

Client
WaterLink, Aquafin, Stad Antwerpen

Price
€1.000.000

Willemen Infra legde in opdracht van Water-link, in samenwerking met Aquafin, een vuilwaterriolering aan om het afvalwater te verzamelen en af te voeren. De vuilwaterafvoer sluit aan op de bestaande riolering in de Steenovenstraat ter hoogte van de A12.

Willemen Infra is a leading, Belgian road construction company with a regional presence in both Flanders and Wallonia. An important asset is that we have all aspects of the construction process under our own management and thus fully control the execution. Moreover, our team of 1,000 well-trained and experienced employees are willing to work at night and over the weekend to make sure they get everything done in time. In addition, thanks to our own COPRO and CSC-certified production and recycling sites, we are one of the leading producers for asphalt and road concrete.
