Engineering Office

Sweco Belgium (stabilité, techniques
spéciales)

Construction period

1 year 11 months

Start work

11-2015

End of work

10-2017

Construction of a passive sports centre (dressing rooms, stand and surroundings).

The outdated old building of 100 m long and 22 m wide, formerly located along field 4 and along Ransbeekstraat, originally designed to house 2 long tennis courts and 2 unrecognized five-a-side football pitches, was therefore demolished to build the Nelson Mandela Center.
