technieken)

#### Construction period

2 years 1 month

#### Start work

04-2016

#### End of work

05-2018

Construction of a new office for fire and security services on the security site, Campus H, where local police, fire brigade, emergency services and various administrative services come together.

Centralisation of the services here will definitely ensure maximum optimisation of the service. For example, the emergency centres of both 100 (ambulance and fire brigade), 101 (police) and 112 (European emergency number) are now united in one location.

### Willemen Construct

Boerenkrijgstraat 133  
2800 Mechelen, Antwerpen  
(Belgium)
