## Surface area above ground

21 555m<sup>2</sup>

## Surface area subterranean

7 370m<sup>2</sup>

### Special features BREEAM

## Construction period

2 years 3 months

## Start work

08-2017

Construction of a very low energy business centre of 28,925 sqm. The comple is located right opposite the Calatrava-designed train station. It consists of 4 buildings with modular floor areas ranging from 300 m<sup>2</sup> to 2,300 m<sup>2</sup>. The buildings contain commercial spaces, offices, 12 residential units and a 102-room hotel. The total area is spread over 10 floors. The entire preliminary study was carried out with a comprehensive environmental approach. This ensured the achievement of BREEAM 'very good' certification in terms of the design phase.

Layout of the building:

- Level -2 and -1: car park (7,370 m<sup>2</sup>)
- Ground floor: commercial spaces (1,432 m²)
- Levels +1 tem +9: offices (10,225 m²), residential units (1,475 m<sup>2</sup>) and a hotel (2,870 m<sup>2</sup>).

### Franki

Chemin des moissons, 10 4400 Flémalle, Liege (Belgium) tel +32 4 2505150 | +32 4 3493939 info@franki.be www.franki.be

**End of work** 11-2019
