Surface area above ground
37 748m²

Surface area subterranean
2 400m²

Construction period
2 years 6 months

The Flemish Administrative Centre (VAC) is a true landmark at St. Peter's station. The highlight of the building is the 22-storey Virginie Loveling Tower. The tower reaches up to 90 metres, making it the third tallest building in Ghent. It has been the workplace of 1,500 Flemish civil servants since 2014. With a K-value of 18 and an E-level of 50, the building was awarded 4 stars for sustainability by the Flemish government.
