Activities
Road construction
General roadworks
Asphalt works
(Air)port works

Contractors
Willemen Infra

location
Albert II-dok
8380 Zeebrugge Belgium
West-Vlaanderen BE

Client
MBZ nv (Port of Zeebrugge)

End User
Verbrugge, APM Terminals

Surface area above ground
27 500m²

For MBZ nv (Port of Zeebrugge), Aswebo is surfacing the quay of the Albert II dock in Zeebrugge, with two new underlayers and a top layer of asphalt after the laying of the crane rails. Aswebo is also renovating the drainage system. The total area is 27,500 m². The site will be used by the companies Verbrugge and APM Terminals.

Willemen Infra is a leading, Belgian road construction company with a regional presence in both Flanders and Wallonia. An important asset is that we have all aspects of the construction process under our own management and thus fully control the execution. Moreover, our team of 1,000 well-trained and experienced employees are willing to work at night and over the weekend to make sure they get everything done in time. In addition, thanks to our own COPRO and CSC-certified production and recycling sites, we are one of the leading producers for asphalt and road concrete.
